

Discretion in Dress

—It's no trivial task for a man to get the precisely right apparel touch to suit his person and his personality. There is a type of man who should always dress quietly and unobtrusively—another type of man who needs a dash of the extreme to complete his toilet. Both types and all the many in between, find immeasurable clothes content in the lines we are showing for the fall season.

Prices from \$15. to \$50. ALL WOOL AT EITHER PRICE

BURLESON COUNTY TEACHERS' LIBRARY.

At the last meeting of the Burleson County Teachers' Association a resolution was adopted unanimously to establish a Burleson County Teachers' Library, to be maintained in the

office of the county superintendent until such time as a Burleson county public library may be established, suitably housed and adequately maintained, at which time this library may be merged into the larger public library. Prof. A. W. Kinnard started this library with a conditional gift of 130 volumes of high class, up to date

books on teaching and kindred subjects. The teachers of the county agreed by vote to contribute one dollar a year each to add to and maintain this library. The volumes contributed by Prof. Kinnard are already in place in an elegant new book case in the county superintendent's office in the corner formerly occupied by his

desk. It merely awaits the additions to be purchased by the annual fees of the teachers and a more formal opening on November 1, next, by the board of directors. At that time rules will be adopted and announced for the circulation of the books.

Caldwell is to be congratulated on the establishment of these two sections of what may we all hope to be soon established the Burleson County Public Library. —Burleson County Ledger.

NOTICE.

To the Public:

If the present superintendent of the public schools of Bryan will observe his SCHOOL SCHEDULES as CLOSELY and as MINUTELY as he appears to observe the schedules of the inter-urban cars, the school children of Bryan who appear to reach school in advance of the school hour will have "quieted down" much earlier than the arrival of the belated cars.

L. M. LEVINSON.

TO BORE FOR OIL NEAR RITA.

E. Brown, an oil expert, has been engaged in the Frainville community for several weeks taking oil leases and expects to begin boring for oil on the Lane place in that neighborhood at an early date. In fact, he was here Saturday making an effort to close a contract with Louis Kiel of Deenville to begin the work, but we failed to learn whether he closed the contract or not. We had the pleasure of going to the Rita community with Mr. Brown last Friday and taking some leases for him, and he informed us that he was absolutely confident that there was oil in that neighborhood and that a paying well would be brought in without a doubt. He has associated with him in the deal a party of Rockdale citizens who are willing to back Mr. Brown's judgment. They are not offering any stock for sale and we do not know that they will. We sincerely hope they will be lucky and bring in a good well, for we believe oil in paying quantities is there and only needs developing.—Burleson County Ledger.

TO THE LADIES.

The ladies of Bryan and College are cordially invited to call and see my line of coat suits, \$20 to \$35; afternoon dresses in silks and satins, \$20 to \$35.50; evening dresses, \$22.50 to \$30; coats, waists, etc.

GRACE H. BOWMAN.

Easy to take and rapid in action it is decidedly the sovereign remedy for Malaria. Ask for the genuine—take no other. Sold and guaranteed by E. R. KMMEL, Druggist.

J. WEBB HOWELL ON COTTON CROP

Advocates Early Destruction of Cotton Plant. Selection of Good Seed and Thorough Cultivation.

In conversation with Mr. J. Webb Howell, chairman of the agricultural committee of the Commercial Club, relative to the probable acreage to be planted in the cotton crop of next year, he said:

"No doubt the farmers of Brazos county will increase the acreage. Unfortunately, however, our farmers lose sight of the fact that large yields per acre are more profitable than small yields on many acres.

"The average farmer in Brazos county is trying to work too many poor acres already with the equipment now used, with the resultant yield of about one-fourth bale per acre.

"If our farmers would make an effort to destroy the cotton plant early, which has been abundantly proven to be the best way to get ahead of the weevil the following year, it would greatly help the yield.

"If he has not improved seed, now is the time to buy for next year. A week or ten days difference in the maturing of a cotton crop might mean the making or the losing of the crop.

"The early destruction of the cotton plant, the selection of big boll, early maturing seed and good cultivation will mean a far better yield. We do not raise enough cotton per hand.

"Now is the South's opportunity and if we do not take advantage of it, we will be the losers."

CARD OF THANKS.

We desire to express through the Eagle our heartfelt thanks to all friends for their kindness and their tender ministering during the last illness of our husband and father. May heaven reward you. Mrs. M. E. Wetter and children.

ACCEPTS POSITION WITH FIRST STATE BANK.

The many friends of Mr. George J. Nedbalek will be glad to know that he has accepted a position with the First State Bank and Trust Company of this city. Mr. Nedbalek came to Brazos county about 17 years ago and has been a resident here since. He took a business course at Toby's Business College in Waco several years ago and was for eight years deputy county clerk under W. C. Boyett and W. S. Higgs. He is a man of the higher type and commands the respect of everybody. The bank is indeed fortunate in securing the services of Mr. Nedbalek and he will be glad to have his many friends call and see him in his new position.

MOREHEAD MAKES IMPORTANT ARREST

Deputy Sheriff Arrests Man for Drunkenness and Later Discovers He is An Escaped Convict.

Deputy Sheriff L. E. Morehead has stuck another feather in his cap as a real detective. One day last week he arrested a man for drunkenness who gave his name as S. T. Jackson, and upon investigation found that his real name was Roy Cherry and through some letters he had received from his wife in Louisiana, conceived the idea that he had escaped from prison in that state. He wired the sheriff at Logansport, La., about the arrest and immediately received a message from him that he was wanted there and that he and another man had escaped from the penitentiary in that state. A deputy sheriff arrived in Bryan yesterday and carried the man back with him.

Cherry, alias Jackson, was serving a term in Louisiana for selling whiskey without license.

ALL SHOE PRICES TAKE BIG JUMP

Within Seventy-Two Hours Fifty to Seventy-Five Cents Per Pair Was Added to the Price.

Pittsburgh, Oct. 16.—Wholesale prices of men's and women's footwear have been advanced 50 to 75 cents per pair within the last 72 hours and certain lines have been withdrawn entirely from the market owing to a shortage in leather, according to an announcement here Sunday by officers of the Pennsylvania Shoe Travelers' Association. Many letters were read from firms manufacturing shoes announcing an advance of 37 to 60 cents a pair on upper stock and 8 to 10 cents a pound on sale leather.

BROKE HIS ARM.

Ham McClain of San Prairie is suffering with a badly broken arm. He was out Sunday afternoon on his motorcycle. Just behind him was another young man on a bicycle. Going down a hill, McClain saw he was about to run into a bad place and he stopped his machine suddenly. As it stopped it leaned to one side and he threw out his hand to catch himself. Just at this moment the man on the wheel came up. It happened so quickly neither could avoid the accident, and the wheel, going at full speed, struck McClain's arm the moment his own weight was on it. It broke the left arm above the elbow and dislocated the elbow, making a serious injury.—Normangee Star.

Two Stoves for the Price of One

We offer you only reliable goods made by reliable manufacturers. Honest prices and honest values is our motto. If there is one place where quality counts it is here.

Cole's Original Hot Blast

is a double stove—a heavy durable heating stove slipped inside of the powerful radiating body which radiates all the heat. This remarkable construction makes an absolutely air-tight stay-tight heater which holds fire from Saturday night until Monday morning. This guaranteed stay-tight construction in connection with our Hot Blast fuel saving draft makes our guaranteed great fuel economy possible.

The Many Feet of Leaking Joints

made temporarily tight with stove putty explains why imitation hot blast heaters and stoves with other fuel saving devices are not guaranteed to remain air-tight always, as is Cole's Hot Blast.

Cole's Hot Blast burns any fuel—soft coal, hard coal, or wood. It is a powerful radiator of heat. It gives a sizzling hot base. It gives a guaranteed fuel economy. You can't afford to be without this remarkable heater. Come in and see it today.

"Cole's Hot Blast makes your coal pile last."

To avoid imitations look for Cole's.
